

SPYSCAPE TEAM BUILDING

**A UNIQUE TEAM ACTIVITY DESIGNED WITH
TOP SPIES AND PSYCHOLOGISTS**

Each team member navigates authentic live Challenges and interactive Mind Games to develop their individual Q Type profile and reveal their attributes, instincts, decision-making style, and performance under pressure. Unlike pure self-assessment psychometric tests, Q Types use observed Challenge to build a richer profile.

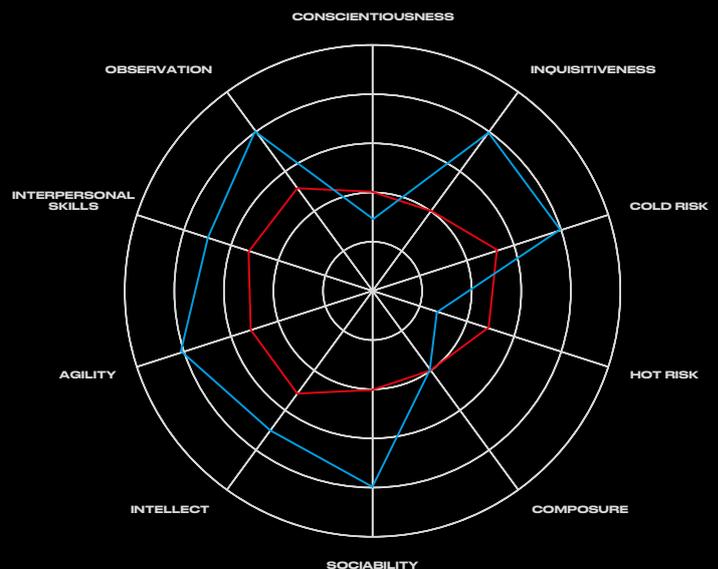

PROFILE SNAPSHOT: INDIVIDUAL VS AVERAGE

INSIGHT DRIVES PERFORMANCE PRIVATE TEAM DEBRIEF

After your challenges, step into a self-led private debrief workshop. Review your Q Type profiles, learn how your team functions under pressure, and gain actionable insights - all while enjoying food and drinks.

This is where the data from the Challenges and Mind Games translates into actionable learning. Leave with practical strategies for immediate application - grounded in data from your team's experience.

Know yourself, understand others

HOW IT WORKS

1.

Live Challenges

Each team member tries lie-detection, code-breaking, risk-taking, surveillance, psychometrics, and more - measuring traits from empathy and perception to cognitive style, which feed into the Q Type algorithm.

2.

Personal Q Type

The Q Type algorithm turns the traits into attributes and compares them to over a million datasets to assign a Q Type and present your detailed personal profile.

3.

Debrief Workshop

In your private room, with food and drinks, your team can compare Q Types and learn how their skills and attributes apply both in their daily lives and in the world of top intelligence agencies.

TRUSTED BY TOP TEAMS

- Over 1 million participants profiled

"SPYSCAPE exceeded all of our expectations. The most valuable part was the Q Type profiles outlining our strengths and how we can leverage them to achieve our collective goals.

It was a powerful reminder of the importance of trust, communication, and collaboration in achieving success."

Karen Morel, ColumbiaDoctors | Faculty Practice Organization

"I just wanted to pop you a quick note to say thank you for accommodating my team on Monday. We had a brilliant time and several people said they'd bring their families along to take part again! Your team were fantastic, I hope our paths cross again."
